

**Listing of the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Original) A method for selling lighting solutions comprising:
  - installing a lighting system for a customer;
  - measuring lumens generated from the lighting system; and
  - determining a customers light usage fee based on the lumens.
2. (Original) The method of claim 1 wherein the lighting system comprises at least one LED.
3. (Original) The method of claim 1 wherein the measuring of the lumens generated by the lighting system comprises measuring the lumens by at least one photodiode.
4. (Original) The method of claim 1 further comprising:
  - installing an input device to allow customer control of the lighting system.
5. (Original) A method for selling lighting solutions comprising:
  - installing a lighting system for a customer;
  - measuring changes of light spectrum generated by the lighting system; and
  - determining a customers light usage fee based on the changes of light spectrum.

6. (Original) The method of claim 5 wherein the lighting system comprises at least one LED.
7. (Original) The method of claim 5 wherein the measuring of the changes of light spectrum generated by the lighting system comprises measuring the changes of light spectrum by a photodiode.
8. (Original) The method of claim 5 further comprising:  
installing an input device to allow customer control of the lighting system.
9. (Original) The method of claim 1 further comprising:  
measuring changes of light spectrum generated by the lighting system;  
determining a customers light usage fee based on the changes of light spectrum; and  
installing an input device to allow customer control of the lighting system.
10. (Original) A lighting solutions system comprising:  
means for measuring lumen output of a lighting system; and  
means for determining a fee based on the lumen output.
11. (Original) The lighting solutions system of claim 10 further comprising:  
means to allow customer control of the lighting system.
12. (Original) The lighting solutions system of claim 11 further comprising:  
means for measuring changes in spectrum of the lighting

system; and

means for determining a fee based on changes in spectrum.

13. (Original) The lighting solutions system of claim 12 further comprising:

means for selecting a preprogrammed pattern of light to be emitted from the lighting system;

means for measuring the use of the preprogrammed patterns of light; and

means for determining a fee based on the use of the preprogrammed patterns of light.
